PROFESSIONAL SUMMARY

Proficient Python Developer with hands-on experience building web applications using Django, Flask, HTML, CSS, JavaScript, and SQLite. Comfortable implementing features like user authentication, CRUD operations, and responsive interfaces. Completed certifications from Microsoft, Google Cloud, Meta, and IBM. Built real-world projects like a To-Do List web app and continuously learning through practice. Focused on writing clean, readable code and contributing to collaborative dev teams.

INTERNSHIPS

Python Training Intern - SKDeft (via Dayanand Academy of Management Studies) Aug 2021 | 80-hour program | [Link](#)

- Completed hands-on training focused on Python fundamentals and practical application
- Built small utilities and functions using control flow, data structures, and file handling
- Strengthened problem-solving skills through real-time coding exercises and assignments

EDUCATION

Master of Computer Applications (MCA)

2023 - 2025

IMS Engineering College (IMSEC), Ghaziabad
Dr. A.P.J. Abdul Kalam Technical University (AKTU)

Bachelor of Computer Applications (BCA)

2019 - 2022

Dayanand Academy of Management Studies
Chhatrapati Shahu Ji Maharaj University, Kanpur

PROJECTS

To Do List Web Application | [Link](#)

2025

- Developed a fully functional task management web application using Django.
- Implemented features to add, view, delete, and mark tasks as complete.
- Used Bootstrap 5 for responsive design and user-friendly UI.
- Tasks are stored in an SQLite database with real-time update capabilities.
- Clean card-based layout enhances user experience.

Portfolio Website (Django, Python) | [Link](#)

2025

- Built a personal portfolio website using Django with custom templates and static file management
- Configured WhiteNoise middleware for efficient static asset serving in production
- Implemented secure settings and environment-based configuration for deployment
- Utilized Django Admin for dynamic content management and updates
- Deployed the application on Render to showcase projects and skills

CERTIFICATION

- Python Certification | *Issued by HackerRank* | 2024 [\[View Certificate\]](#)
- Developing AI Applications with Python and Flask | *Issued by IBM* | 2025 [\[View Certificate\]](#)
- Django Web Framework Certification | *Issued by Meta* | 2025 [\[View Certificate\]](#)
- Python for Data Science, AI & Development | *Issued by IBM* | 2023 [\[View Certificate\]](#)
- Prompt Design in Vertex AI – (Google) | *Issued by Google Cloud* | 2025 [\[View Certificate\]](#)
- HTML & CSS Certification | *Issued by Meta* | 2024 [\[View Certificate\]](#)

SKILLS

- Programming Languages:** Python, JavaScript (Proficient)
- Programming Concepts:** Object-Oriented Programming (OOP)
- Web Technologies & Frameworks:** HTML and CSS, Django
- Database & Query Language:** MySQL
- Content Management Systems (CMS):** WordPress
- Other Skills:** SEO Fundamentals, Digital Marketing
- Automation & Workflow Tools:** N8N (beginner/learning)

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

- Participated in workshops on new tech, languages, and methodologies.
- Held leadership positions in student clubs experience in planning and organizing.
- Engaged in business plan competitions to explore entrepreneurship.

INTERESTS OR HOBBIES

- Tech Enthusiast: Follows tech videos to stay updated.
- Reading Blogs: Focus on software development and emerging tech trends.
